WORK EXPERIENCE

2018 PRODUCT DESIGNER & FRONT-END DEVELOPER

2016 Buzz Creative Co.

I was in charge of defining complex systems in the simplest way possible, acting as the link between the needs of the clients, and the needs of the developers to satisfy said clients.

I've also used my extensive knowledge about Front-End to implement the defined products working close to the developers on that instance.

2017 LEAD FRONT-END DEVELOPER & PROJECT MANAGER

2014 MarsMinds

I've worked at MarsMinds as a Lead Font-End developer, working for clients mainly based in the US and Canada.

Apart from being a lead Front-End developer, I was also in charge of managing a small team of back end developers to work on my previously implemented designs and layouts.

2014 FRONT-END DEVELOPER & UI SPECIALIST

2012 Zimmic

I've worked here as a Front-End Developer & UI Specialist, developing internal products for the AppExchange platform working with clients on the US and Australia.

2012 PROJECT MANAGER & UI SPECIALIST

2011 Hypernethost & Security Pentest

I worked here as a Web architect, analyzing and creating wireframes for different kind of Web projects. I also worked as a developer and in some cases as a Web designer.

2011 FRONT-END DEVELOPER & UI SPECIALIST

2010 Takeoff Media

I've worked at takeoff Media for more than a year, working for Directv LA.

Some of my work here was:

- Directv Sports portal development (html/css)
- CSS/HTML standardization for the nine portals of Directv LA and The Caribbean.
- Mini sites develop for Directv LA Portals.
- Maintenance and develop of the costumer system (MiDirectv) for Directv LA.
